

September 15th 2020

Call to order/Welcome/Attendees: Lynn Leiker, Mary Clapp, Jan Burkholder, Carrie Lane, Ryan Windholz, Keri Petersen, Josh Callahan, Katie Joy, Staci Moore.

Treasurer's report: Report given by Josh Callahan. Money from Kroger and PayPal haven't been deposited yet. Expenses are down. Teacher request was a GaGa ball pit.

Principal's report: Praised parents about drop off, we cut time down by 10 minutes within a week. No students have tested positive for COVID in our school, some students and staff have had to quarantine due to exposure. Reminded parents to make sure masks are being sent with children. She is open to having people donate child size masks for our school, disposable or reusable. She is willing to keep them at school and wash them daily if needed. As of right now, field trips are not being allowed may change as the year progresses.

Teacher feedback: GaGa ball pit was requested by Gay Flax. She is working with Heartland Lumber for wood donation.

Yearbook: We still do not have a yearbook committee. We talked about a main teacher from each grade level to be in charge of that grade's picture, or possibly having an account for each teacher to upload pictures so they're all in one spot. There was also talk about having Lifetouch or Monarch Portraits print the yearbook. Lifetouch's price went down this year due to issues last year, Monarch's price was comparable. Katie voted to go with Monarch Portraits since they will already have all students' pictures, he's willing to put everything together for us, and we're still able to have a custom cover; 2nd by Mary Clapp.
